RELATIONAL SKILL AND COMPETENCES

Over the years I have worked in teams on numerous research projects or national and international scientific meetings as shown. I had always tried to maintain good and close collaborative relationships both with his colleagues at the hospital and with colleagues he met on various occasions in Italy and abroad in the belief that a constant comparison of ideas and experiences is a source of growth and a stimulus for improvement.

I am in charge of auditing the professional activity of the Clinic on a regular basis.

For good interpersonal skills and technical skills I am frequently invited in Italy and abroad as Invited Professor to various courses and seminars (IRCAD in Strasbourg, IECE in Chile Argentina, Saudi Arabia, Université d'Auvergne - Clermont-Ferrand) or Chairman of Congresses (including those of the ESGE - European Society of Gynecological Endoscopy).

For many years I have collaborated with the Italian Endometriosis Association and with the APE by participating in their meetings as a speaker and consultant.
